(Order includes a Set of Four (4), one for each Skateboard Wheel)

[NEXT](#)**FREE! SHIPPING**  
TO ANYWHERE IN THE USA

INTERNATIONAL SHIPPING BETWEEN \$10-\$15 US TO CANADA, MEXICO, AND EUROPE

### Product Description

SkaterTrainers install in seconds by Stretching over your skateboard wheels, and you can remove them very quickly. SkaterTrainers are universal, in that they fit all standard skateboard wheels (49mm-60mm).

Please note that these SkaterTrainers are for Skateboards with standard sized skateboard wheels, from 49 mm to 60 mm diameter. These do not fit cruiser, longboard, or a lot of old school wheels. If you are unsure of your size or want a set for bigger wheels, please contact us and we can help.

SkaterTrainer Helps You Learn Tricks Fast

- Master Technical Tricks Anywhere - Even Inside!
- Improve Your Balance for longer manuals
- Learn and perfect your Ollie
- Build confidence and muscle memory without falling
- Skate More Often = Better Skills = More fun

SkaterTrainer is the Worlds Simplest Skateboard Training Accessory

- Durable rubber construction that can be used again and again
- Portable to take with you anywhere
- Light weight so it does not change your skateboard pop and rotations
- **PATENT PENDING, Worldwide!**
